6th Annual

Laparoscopic Colorectal Surgery Course

November 17 – 18, 2009

Featuring:

- Hands-on cadaveric and live porcine workshop with stations for introductory and advanced surgical techniques including Single-Port and TEM
- Live surgical procedures
- Discussion of surgical management techniques and perioperative care

1st Annual

Update on Treatment Decisions for Gastrointestinal Diseases *Surgical and Medical Approaches*

November 19 – 20, 2009

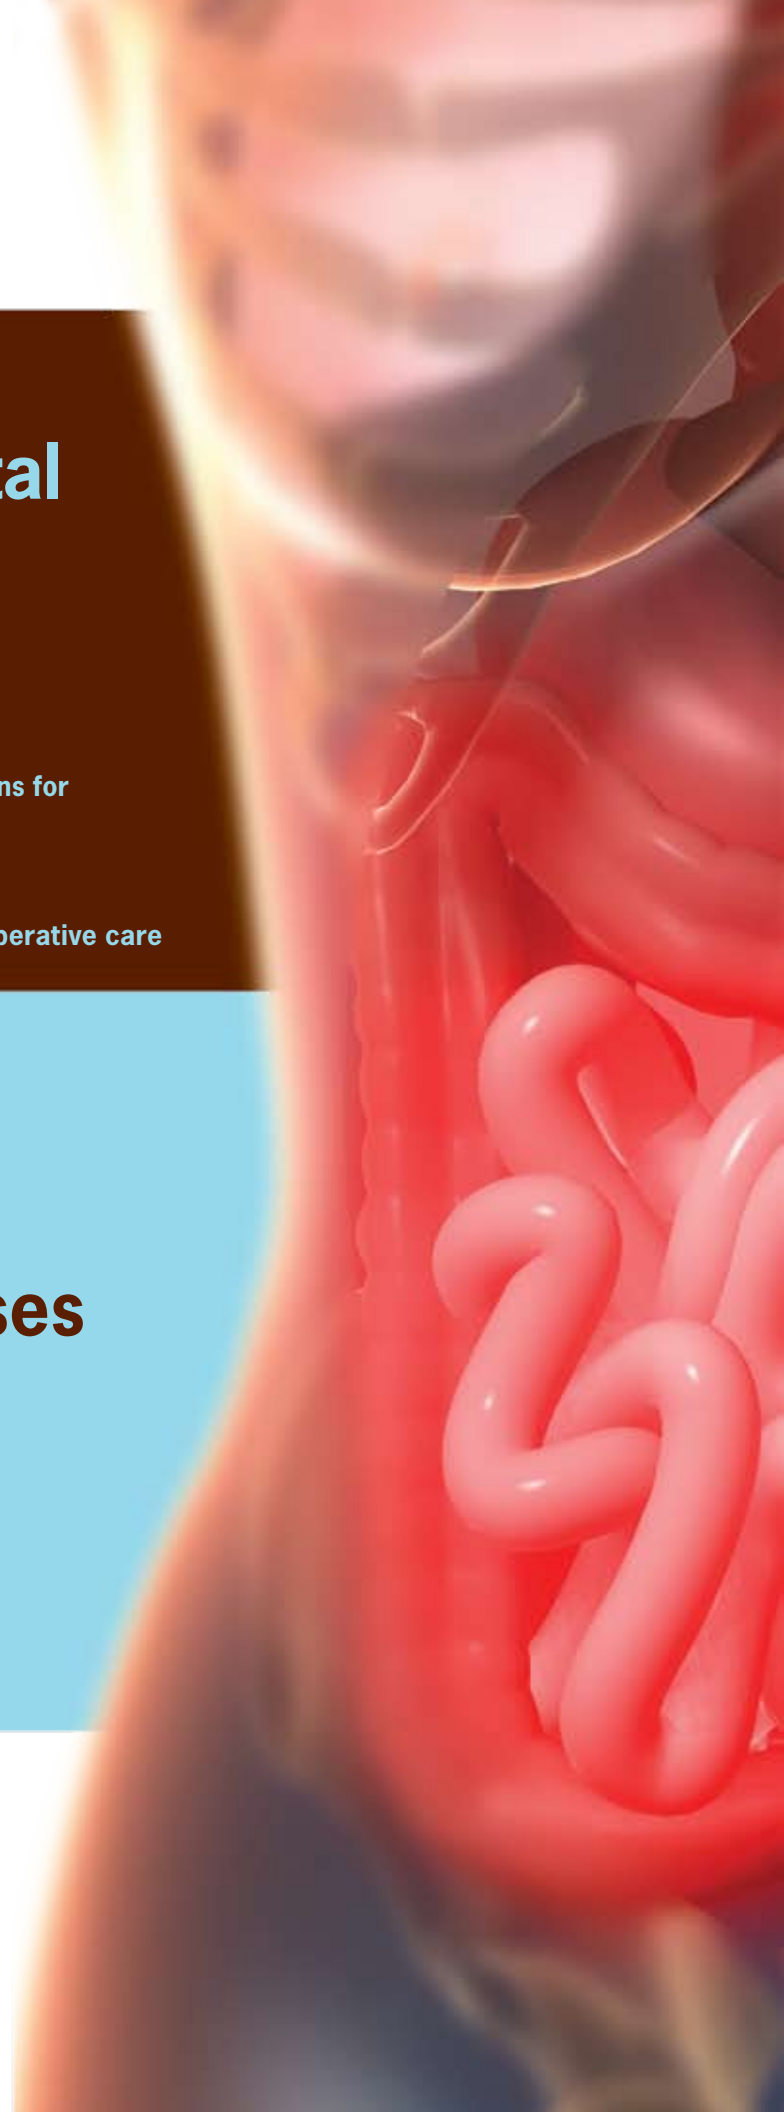

Includes:

- 30th Turnbull Symposium
- 45th Gastroenterology Update
- 1st Hepatic-Pancreatic-Biliary Course

**InterContinental Hotel &
Bank of America Conference Center
Cleveland, Ohio**

6th Annual Laparoscopic Colorectal Surgery Course

November 17 – 18, 2009

Overview

Minimally invasive laparoscopic surgery has gained acceptance among both surgeons and patients based on its improved outcomes, shorter recovery, and reduced scarring. In patients with colon cancer, long-term studies have found that those who undergo laparoscopic colorectal surgery have fewer tumor recurrences and improved survival rates than patients who undergo open colectomy. These results, in turn, have created a demand for surgeons competent in laparoscopic operative techniques.

However, a steep learning curve exists for surgeons to acquire the technical competence and skills needed to successfully perform laparoscopic colorectal surgery. This requires hands-on instruction from experts as well as educational updates on new techniques, clinical guidelines, and patient care.

Because of the learning curve for laparoscopic techniques, programs that provide hands-on training are especially valuable – as well as in great demand.

At the Laparoscopic Colorectal Surgery Course, on Tuesday, November 17, attendees can participate in a workshop that provides hands-on experience using cadavers and live porcine models. The workshop offers instruction on both basic and advanced laparoscopic surgical techniques.

The didactic sessions on Wednesday, November 18, will primarily focus on the surgical management techniques, although diagnosis and perioperative care are included in the program. Key topics include anorectal diseases, benign disorders of the rectum, and surgical procedures for ulcerative colitis, Crohn's disease, and rectal cancer. Live surgical demonstrations will be broadcast into the lecture session.

Participants are also welcome to arrive early or extend their stay to observe live surgery. Please call the Colorectal Department at 216-445-7616.

Target Audience

Colorectal surgeons, general surgeons, nurses, and other health care professionals who care for patients needing surgical treatment of diseases of the small and large intestines.

Objectives

Upon completion of this educational activity, the participant will be able to:

- Discuss surgical procedures for anorectal diseases;
- Demonstrate in-depth knowledge of laparoscopic techniques for colorectal diseases;
- Summarize diagnosis and treatment of benign disorders of the rectum;
- Describe the use of colonoscopy, including patient preparations and potential complications;
- Identify common procedures in which the surgical techniques can have a significant impact on outcomes;
- Discuss the role of minimally invasive colorectal surgeries in the treatment of rectal cancer and inflammatory bowel disease.

Activity Director

Daniel P. Geisler, MD, FACS, FASCRS

1st Annual Update on Treatment Decisions for Gastrointestinal Diseases Surgical and Medical Approaches

November 19 – 20, 2009

Overview

The First Annual Update on Treatment Decisions for Gastrointestinal Diseases features the 30th Turnbull Symposium, 45th Gastroenterology Update, and the 1st Hepatic-Pancreatic-Biliary Course. This is presented by the Digestive Disease Institute in coordination with the Cleveland Clinic Foundation Center for Continuing Education.

The course will be composed of lectures, discussions, and case presentations. Other features include a half day Surgery Breakout Session and a special nurses' session.

The course is designed to heighten awareness of clinical issues in all healthcare professionals with an interest in gastroenterology, which, ultimately, will improve outcomes in this patients population.

Target Audience

Gastroenterologists, hepatologists, colorectal surgeons, general surgeons, nurses and other interested healthcare professionals.

Objectives

Upon completion of this educational activity, the participant will be able to:

- Describe the most recent advances in screening and treatment of colorectal polyps and neoplasms;
- Summarize issues regarding management of esophageal diseases;
- Identify the risks and benefits of biologic therapy in inflammatory bowel disease;
- Discuss decision-making regarding medical and surgical treatments for severe ulcerative colitis;
- Summarize the evidence for medical versus surgical treatment of pancreatitis;
- Describe the prevention, surveillance, and treatment approaches to primary and secondary hepatic neoplasms;
- Explain the surgical indications and options related to hepatology and liver transplantation;
- Describe the use of colonoscopy, including patient preparations, potential complications, and outcomes assessment.

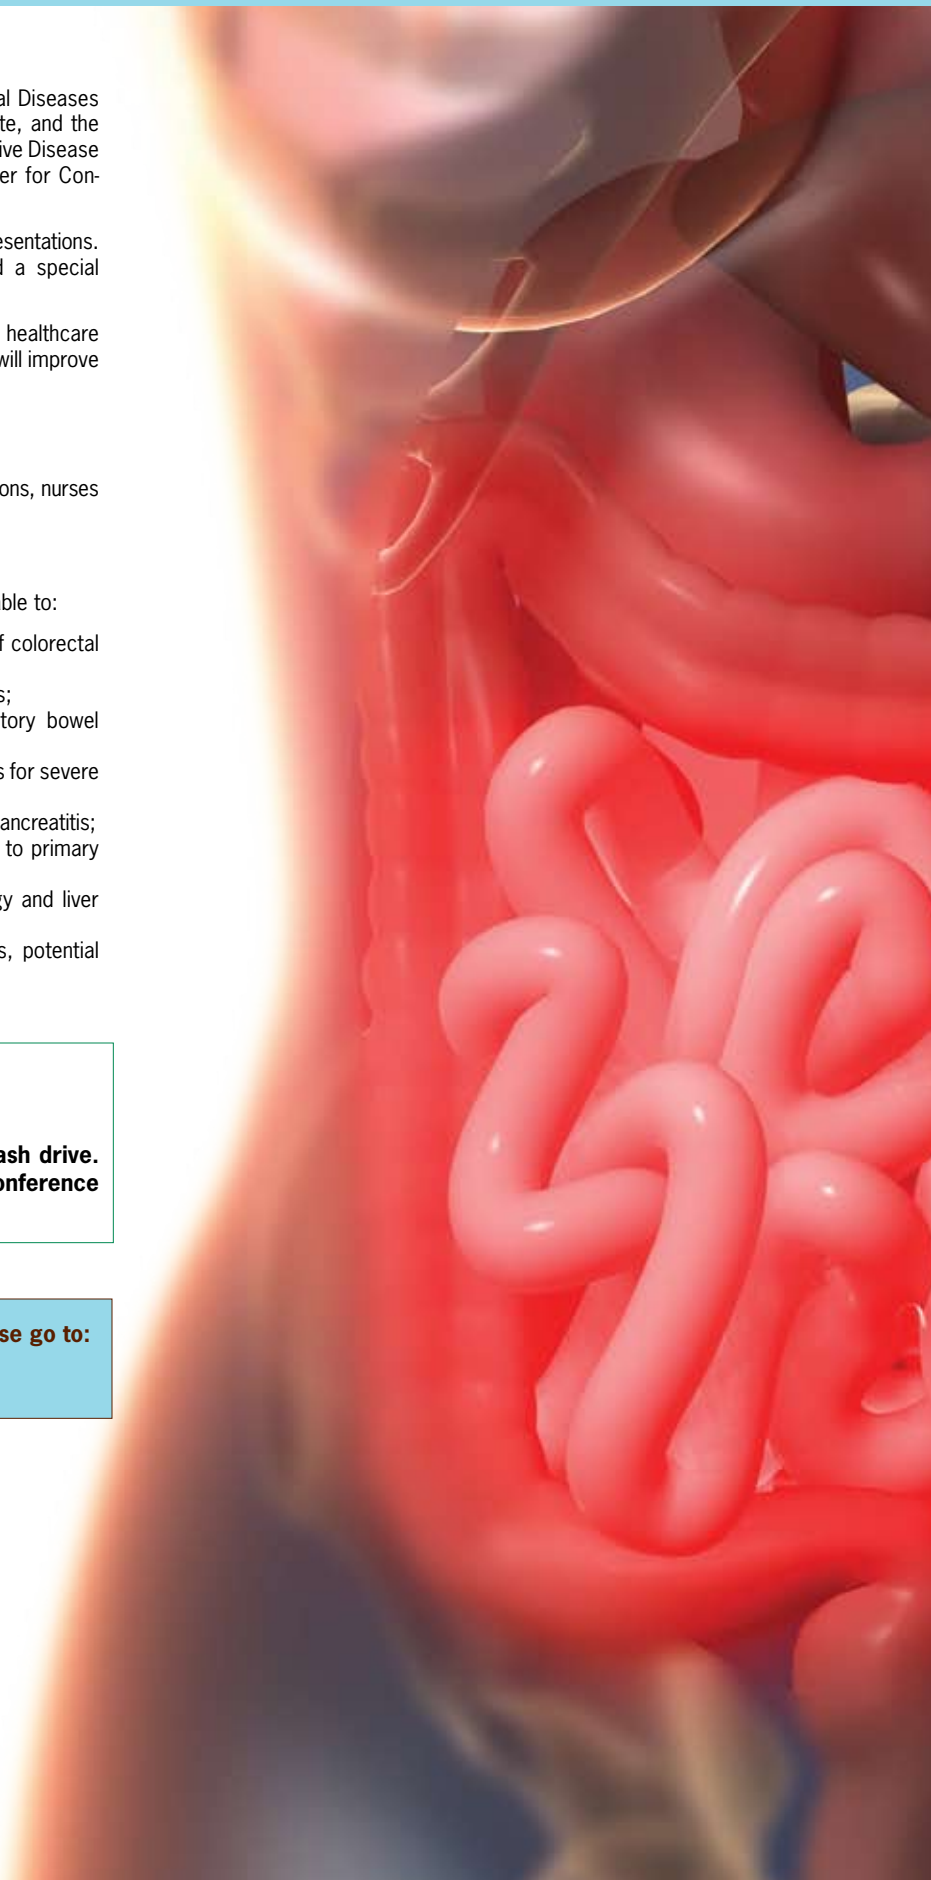

NEW THIS YEAR CLEVELAND CLINIC GOING GREEN

Syllabus will only be provided to registrants on a USB flash drive. Attendees are encouraged to bring their laptops to the conference to view the syllabus.

For additional CME opportunities during this course, please go to:

www.ccfcm.org/LaparGastro09

7:00 am Registration, Continental Breakfast, Exhibits

8:00 am Welcome
Bret A. Lashner, MD

Session I: Colorectal Neoplasia: Essential Tips for Your Practice

Moderator: *Carol A. Burke, MD*

8:05 am Update on National Guidelines for Screening and Surveillance
Carol A. Burke, MD

8:20 am The Approach to Genetic Testing in Your Patients
Brandie Leach, CGC

8:35 am What You Should Know About Serrated Polyps and Why They Should Concern You
Matthew Kalady, MD

8:50 am Minimally Invasive Surgery for Colorectal Cancer
Daniel Geisler, MD

9:05 am **David G. Jagelman Lecture**
Colorectal Polyps: The Large and the Small, the Few and the Many
John R.T. Monson, MD

9:30 am Case Presentations/
Panel Discussion

10:00 am Refreshments & Exhibits

10:30 am - 12:00 pm

Session II: Optional Programs (Option 1) Swallowing Center Breakout Session

Moderator: *Steven Shay, MD*

10:30 am Esophageal Physiology Testing: What Test in What Patient
Steven Shay, MD

10:45 am Eosinophilic Esophagitis
Frank Marrero, MD

11:00 am Debate: Intraepithelial Neoplasia in Barrett's Esophagus: Toast, Freeze, or Cut
Gary Falk, MD

Surgery
Thomas Rice, MD

11:30 am Panel Discussion

10:30 am - 12:00 pm

Session III: Optional Programs (Option 2) Surgery Breakout Session

Moderators: *David Dietz, MD, Luca Stocchi, MD, and Matthew Walsh, MD*

Hot Topics:

1. Evidence-Based Approach to Surgery for Diverticulitis
David Dietz, MD

2. Clostridium Difficile Colitis: When is Colectomy Indicated?
Jon Vogel, MD

3. The Progressive Pile: New Treatments for a Very Old Problem
Masserat Zutshi, MD

4. Single-Port Cholecystectomy
Matthew Kroh, MD

5. Endoscopic Mucosal Resection
Bipan Chand, MD

6. Laparoscopic Distal Pancreatectomy
R. Matthew Walsh, MD

12:00 pm Lunch
Inflammatory Bowel Disease

Session III: Treating Complex Fistulas in Crohn's Disease

Moderator: *Luca Stocchi, MD*

1:30 pm **George Rankin Lecture**
The Risks and Benefits of Biologic Therapy
Corey Siegel, MD

2:00 pm **Rupert Turnbull Lecture**
Treating Rectovaginal Fistulas
Tracy L. Hull, MD

2:30 pm Immunosuppressive and Alternative Therapies for Treating Fistulas
Aaron Brzezinski, MD

2:45 pm Plugs, Glue, and Newer Treatments for Perianal Fistulas
Masserat Zutshi, MD

3:00 pm Case Presentations/
Panel Discussion

3:30 pm Refreshments & Exhibits

Session IV: Treating Patients with Severely Active Ulcerative Colitis

Moderator: *Bret A. Lashner, MD*

4:00 pm Evaluation and Medical Therapy for Severely Active Disease
Ahmed Kandiel, MD

4:20 pm Surgical Decision Making for Severely Active Ulcerative Colitis
P. Ravi Kiran, MD

4:40 pm Complications of the Ileal Pouch
Feza H. Remzi, MD

5:00 pm Case Presentations/
Panel Discussion

5:30 pm Reception

9:00 am - 3:30 pm

Nurses Program

Director: *James Collins, RN*

9:00 am Biliary Espionage Utilizing Spy Glass
Mansour Parsi, MD

10:00 am Biologic Therapy in IBD Patients
Aaron Brzezinski, MD

11:00 am Small Bowel Transplantation
Cristiano Quintini, MD

12:00 pm Lunch Break

1:30 pm Colon Cancer Update: What's New With Detection and Prevention
Carol A. Burke, MD

2:15 pm Esophageal Therapies: What's the Difference Between APC, BARRYX, Cryotherapy, and EMR
Gary Falk, MD

Friday, November 20, 2009

7:00 am Registration, Continental Breakfast, Exhibits

8:00 am Welcome
Bret A. Lashner, MD, FACP

Session V: Endoscopy and Pancreatic Disease Point/Counterpoint: Medical vs. Surgical Therapy for Chronic Calcific Pancreatitis and a Dilated Duct

Moderator: *John Vargo, MD*

8:05 am Medical and Endoscopic Therapy
Mansour Parsi, MD

8:20 am Surgical Therapy
Michael Johnson, MD

8:35 am Panel Discussion

Session VI: Point/Counterpoint Medical vs. Surgical Therapy for Minimal Change Chronic Pancreatitis

Case Presentation

Moderator: *John Vargo, MD*

8:55 am Medical Therapy
Tyler Stevens, MD

9:10 am Surgical Therapy
Matthew Walsh, MD

9:25 am Panel Discussion

9:40 am Refreshments & Exhibits

10:00 am **Mark Blue Memorial Lecture**
Autoimmune Pancreatitis: State of the Art
Suresh Chari, MD

10:40 am Assessing Outcomes of Colonoscopy
Madhu Sanaka, MD

11:00 am Endoscopy Video Quiz
John Dumot, DO

12:00 pm Lunch

Session VII: Hepatic Neoplasms

Moderator: *Nizar N. Zein, MD*

1:30 pm Prevention of Primary Liver Neoplasms
Nizar N. Zein, MD

1:50 pm Surveillance of Patients with Viral Hepatitis and Referral for Transplant for HCC
David S. Barnes, MD

2:10 pm Benign Liver Neoplasms: Diagnosis and Management
David Vogt, MD

2:30 pm **Charles Brown Lecture**
Resectional Approaches to Primary and Secondary Liver Neoplasms: State of the Art
Roger Jenkins, MD

3:15 pm Break & Exhibits

3:45 pm Robotic/Laparoscopic Liver Resection
Sricharan Chalikhonda, MD

4:05 pm Multi-Disciplinary Approach to HCC Treatment
Federico Aucejo, MD

4:25 pm Case Presentations/
Panel Discussion

5:00 pm Adjourn

6th Annual Laparoscopic Colorectal Surgery Course

November 17 – 18, 2009

1st Annual Update on Treatment Decisions for Gastrointestinal Diseases Surgical and Medical Approaches

November 19 – 20, 2009

General Information

Location

InterContinental Hotel and Bank of America Conference Center
9801 Carnegie Ave.
Cleveland, OH 44106
Phone: 216-707-4000 or 877-707-8999

Hotel Accommodations

A block of rooms has been reserved at the InterContinental Hotel and Bank of America Conference Center for a special rate of \$189 single/double (plus tax). The hotel and conference center are located on the campus of the Cleveland Clinic. To secure this rate, you must make your reservation by **5:00 pm ET on November 12, 2009**. Contact the Hotel Reservations Department at 216-707-4000 or 877-707-8999. Please identify yourself as being with the **Cleveland Clinic Annual Gastroenterology Update, room block code CU5**. For online reservations, go to: www.ichotelsgroup.com.

Registration and Cancellation

Pre-registrations are accepted by fax or online until 4:00 pm on November 13, 2009, other than for Hands-on Workshop. Registration after this date may be done on site. In case of cancellation, a full refund will be made if cancelled by November 3, 2009. After November 3, 2009, a \$50 cancellation fee will apply. Written notification of cancellation is required in order to process a refund. **Refunds cannot be issued after December 17, 2009.**

Americans with Disabilities Act

The Cleveland Clinic Foundation Center for Continuing Education intends to fully comply with the legal requirements of the Americans with Disabilities Act. If you need assistance, please notify at 216-448-0770 at least 2 weeks before the activity.

Ground Transportation

The Intercontinental Hotel is located approximately 16 miles from Cleveland Hopkins International Airport.

Taxi service is available from Cleveland Hopkins International Airport to the InterContinental Hotel and Bank of America Conference Center. As an alternative, take the rapid transit train from the airport to the Terminal Tower in downtown Cleveland and from there take a taxi to the InterContinental Hotel and Bank of America Conference Center.

Parking

Parking is available in the E. 100th Street Visitor's Parking Garage at prevailing rates. Valet parking is available at the hotel for an additional charge.

Information

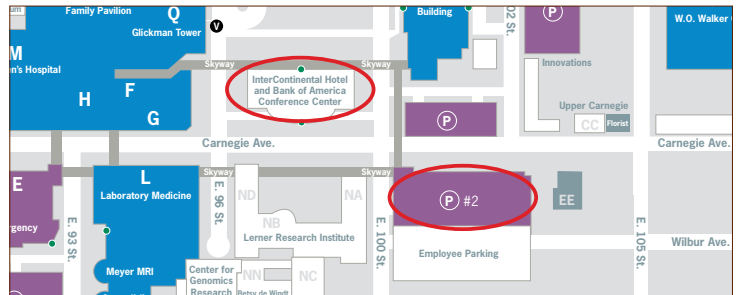

For further information about these courses, contact UNITECH Communications®, the Summit Organizer at 216-448-0770 or toll free at 800-238-6750.

Web Address: www.cfcme.org/LaparGastro09

For emergency phone calls during these courses, please call 216-707-4100 and ask for the Cleveland Clinic Registration Desk.

Faculty Disclosure

The Cleveland Clinic Foundation Center for Continuing Education has implemented a policy to comply with the current Accreditation Council for Continuing Medical Education Standards for Commercial Support requiring resolution of all faculty conflicts of interest. Faculty declaring a relevant commercial interest will be identified in the activity syllabus.

Accreditation

The Cleveland Clinic Foundation Center for Continuing Education is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Cleveland Clinic Foundation Center for Continuing Education designates this educational activity for a maximum of 29.25 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Participants claiming CME credit from this activity may submit the credit hours to the American Osteopathic Association Council on Continuing Medical Education for Category 2 credit.

The Ohio Board of Nursing will accept at face value the number of contact hours awarded for an educational activity that has been approved for CE by a nationally accredited system of CE approval. Therefore, the 29.25 physician AMA PRA Category 1 Credits™ will be accepted for nursing credits.

1st Annual Update on Treatment Decisions for Gastrointestinal Diseases:
Maximum 13.75 AMA PRA Category 1 Credits™

6th Annual Laparoscopic Colorectal Surgery:
Maximum 15.5 AMA PRA Category 1 Credits™

About Cleveland

North Coast Harbor

Originally known as the site of the Port of Cleveland, the North Coast Harbor now rocks with excitement. Located on the shores of Lake Erie, the district encompasses North Coast Harbor, home to the city's newest attractions, the Rock and Roll Hall of Fame and Museum, Great Lakes Science Center, and the Cleveland Browns football stadium.

Evening Activities

Visit the Warehouse District, E. 4th Street, or the trendy Tremont area.

Quicken Loans Arena – Cleveland Cavaliers

Tuesday, November 17, 2009

Home Game @ 7:00 pm | Golden State Warriors vs. Cleveland Cavaliers

Tickets may be ordered online through www.nba.com/cavaliers.
