Innovations in Mechanical Ventilation

April 24, 2009 | 7:00 am – 5:00 pm

Cleveland Clinic Administrative Campus • 3050 Science Park Drive • Beachwood, Ohio 44122

Register Today: www.ccfcmec.org/lung09

Overview

This Summit, part of the Lung Summit series in the Respiratory Institute, will address topical issues of the science and management of respiratory care and will include state-of-the-art lectures and audience-speaker interaction.

Target Audience

Designed for respiratory therapists, respiratory therapy students, nurses, and physicians.

Objectives

After attending the Lung Summit, participants will be able to do the following:

- Review the most recent advances in computer control of mechanical ventilation.
- Address procedures for automating ventilator management protocols.
- Discuss best practice models for optimizing oxygenation and ventilator-patient synchrony.

Accreditation

This program has been approved for a maximum of 8 contact hours of Continuing Respiratory Care Education (CRCE) credit by the American Association for Respiratory Care, Course # 290691000.

Faculty Disclosure

In accordance with the Standards for Commercial Support issued by the American Association for Respiratory Care (AARC), resolution is required for all faculty conflicts of interest to ensure CRCE activities are free of commercial bias.
