Cleveland Clinic **Advanced** Endoscopy **Course** (CADEC)

ANNUAL HANDS-ON COURSE | September 28, 2024

InterContinental Cleveland Hotel | Cleveland, OH

Cleveland Clinic Advanced Endoscopy Course (CADEC)

September 28, 2024 | ccfcme.org/CADEC2024

COURSE DESCRIPTION

This annual hands-on international symposium which includes a half-day surgical skills lab, is designed to educate attendees on the management of complex cases that need advanced interventional endoscopy care, emphasizing excellence of care, safety, and a multidisciplinary approach for both academic medicine and private practice endoscopy providers. CADEC will review, innovate, and share new upcoming procedures and devices to treat patients in need of minimally invasive endoscopic interventions with cutting edge technology.

EDUCATIONAL OBJECTIVES

- Demonstrate effective and safe interventional endoscopy procedures to achieve optimal results, reduce complications and improve overall outcomes.
- Review evidence-based management and expert opinions in therapeutic endoscopy to improve patient care.
- Consolidate the indications, contraindications, procedure outcomes, management of complications, and techniques of therapeutic endoscopy to apply in the management of challenging cases with complex gastrointestinal tract disease.

TARGET AUDIENCE

This course is designed for health care providers practicing endoscopy including gastroenterologists, general and colorectal surgeons, advanced endoscopists and trainees, nurses and technicians.

PROFESSIONAL PRACTICE GAP(S)

Managing patients that need advanced or interventional endoscopy procedures requires multidisciplinary coordination, appropriate training and expertise. Technological advances have enhanced access to care for patients and improved physician interactions. Staying up-to-date with the latest endoscopic treatment modalities to provide the highest level of care to patients remains a constant struggle. Healthcare providers need to review, access, critique, synthesize medical knowledge, and get hands-on exposure related to the most advanced endoscopic therapies and apply it to direct patient care.

KNOWLEDGE NEED

Advanced endoscopy therapies are in constant change and improvement as new treatment modalities and device development continues to grow. The Cleveland Clinic has a large and internationally recognized advanced endoscopy physician faculty complement, which involves all fields of advanced and interventional endoscopy: Endoscopic Bariatric and Metabolic Therapies (EBMTs), Endoscopic Submucosal Dissection (ESD) and other endoscopic resection techniques, interventional Endoscopic Ultrasound (EUS), pancreatobiliary endoscopy [Endoscopic Retrograde Cholangiopancreatography (ERCP), cholangioscopy], Transoral Incisionless Fundoplication (TIF) and other endoscopic anti-reflux techniques, to name a few. There is a significant need for a state-of-the-art advanced endoscopy hands-on course designed to educate endoscopist providers and trainees on these ground-breaking endoscopic therapies to improve patient care and continue to advance the field.

FACULTY

Course Director

Roberto Simons-Linares, MD

Director of Bariatric Endoscopy
Digestive Disease Institute
Gastroenterology, Hepatology
and Nutrition Department
Advanced Endoscopy Section
Cleveland Clinic Lerner College of
Case Western Reserve University

CCF Advanced Endoscopy Faculty

Amit Bhatt, MD
Hassan Siddiki, MD
Amandeep Singh, MD
Tyler Stevens, MD
John Vargo, MD, MPH

CCF Surgery Faculty

Matthew Allemang, MD
W. Scott Butsch, MD, MSc
Ricard Corcelles, MD
Chelsea Feng, MD
Matthew Kroh, MD

Salvador Navarrete, MD

Robert Simon, MD
Andrew Strong, MD
Rickesha Wilson, MD

CCF Florida Advanced Endoscopy Faculty

Tolga Erim, DO

CCF London Advanced Endoscopy Faculty

Rehan Haidry, MD
Benjamin Norton, MD

Invited Guest Faculty

**Diogo de Moura, MD, MSc,
PhD, Post PhD**
David Diehl, MD
Vivek Kaul, MD
Jan Kral, MD, PhD, MBA
Jennifer Phan, MD
Kermit Richiez, MD
Allison Schulman, MD
Christopher Thompson, MD

Cleveland Clinic **Advanced Endoscopy Course** (CADEC)

September 28, 2024 | ccfcme.org/CADEC2024

Agenda

6:30 AM

BREAKFAST and EXHIBITS

InterContinental Hotel
(Amphitheater Foyer – 3rd Level)

6:55 AM

Welcome and Introduction

John Vargo and Roberto Simons-Linares

7:00 AM

CADEC Expert Lecture: Endo-Hepatology

David Diehl

7:30 AM

Endoscopic Resection and Submucosal Dissection

Amit Bhatt

8:00 AM

Mini Symposium I: Luminal Cases

Matthew Allemang, Amit Bhatt, Rehan Haidry, Vivek Kaul, Benjamin Norton, Kermit Richiez, John Vargo

8:30 AM

Interventional EUS

Hassan Siddiki

9:00 AM

CADEC Innovation Lecture: Breaking the Mold – How to Learn and Build Leadership in GI/Endoscopy

Vivek Kaul

9:30 AM

BREAK and EXHIBITS

10:00 AM

Mini Symposium II: HPB Cases

Stephen Firkins, David Diehl, Tolga Erim, Vivek Kaul, Hassan Siddiki, Kermit Richiez, Robert Simon, Tyler Stevens

10:30 AM

State of the Art Lecture:

Metabolic Endoscopy: New Approaches to Treat Obesity, Diabetes, and NAFLD

Allison Schulman

11:00 AM

Mini Symposium III: Bariatric Cases

Scott Butsch, Ricard Corcelles, Diogo de Moura, Chelsea Feng, Rehan Haidry, Jan Kral, Matthew Kroh, Salvador Navarrete, Jennifer Phan, Allison Schulman, Roberto Simons-Linares, Christopher Thompson, Rickesha Wilson

11:30 AM

Keynote Lecture: Current State and Future of Endoscopy

Christopher Thompson

12:00 PM

LUNCH and EXHIBITS

1:00–5:00 PM

HANDS-ON LAB SESSIONS

CCF Simulation Skills Center (L1-300)

- Third Space: ESD/EMR, E-POEM/ G-POEM/Z-POEM
- Luminal Stents including LAMS and Interventional EUS
- Bariatric Endoscopy & Endoscopic Suturing/Plication
- ERCP Cholangioscopy
- Endoscopic Full Thickness Resection
- Barrett's Cryotherapy, Ablation, EMR/ Band EMRs
- Endoscopic Closure and Tissue Apposition
- Anti-Reflux Therapy: Transoral Incisionless Fundoplication (TIF)
- Innovations for Colonoscopy

5:30–6:30 PM

NETWORKING RECEPTION

Windows on the Green
(InterContinental Hotel)

General Information

MEETING LOCATION

InterContinental Cleveland Hotel
9801 Carnegie Avenue
Amphitheater, 3rd Floor
Cleveland, Ohio 44106

REGISTER ONLINE AT ccfcme.org/CADEC2024

Fee includes a continental breakfast, refreshment break(s), lunch, networking reception, syllabus, faculty PowerPoint presentations in PDF format.

	Fee ON or BEFORE 7/31/2024	Fee AFTER 7/31/2024
Physician	\$395	\$495
Resident / Fellow	\$195	\$295
Non-Physician	\$195	\$295

REGISTRATION AND CANCELLATION

In case of cancellation, a full refund will be made if canceled by August 16, 2024. After August 16, 2024, a \$100 cancellation fee will be deducted from your refund. No refunds after September 3, 2024. Registration deadline is Monday, September 16, 2024.

For questions about registration or cancellation or further information about this activity, contact Cheryl DiMattia, DDI Program Coordinator, at dimattc@ccf.org.

**FRIDAY,
SEPTEMBER 27, 2024**

Bariatric Endoscopy & Closure Suturing

1–5 PM

**Additional
Lab: \$99**

Attendees will learn hands-on:

- Endoscopic Sleeve Gastroplasty (ESG) procedure
- Transoral Outlet Reduction (TORe) procedure
- Other revisional endoscopic suturing and plication techniques

- Practice endoscopic closure of fistulas, large defects post-resection, perforations and other tissue apposition techniques
- Practice suturing or fixation of stents and other non-bariatric applications of endoscopic suturing
