PROSPECTUS

Dear Prospective 2025 Exhibitor,

We are very excited to invite you to participate by way of an exhibit during the **8th EndoNurse & EndoTech Course: From Classroom to Hands-On Experience**. This year's course will be held at Cleveland Clinic Florida in Weston, Florida, on April 12, 2025.

We recognize that our practice requires a strong team which includes nurses, technicians and additional support staff. Endoscopic equipment and techniques is an evolving field. Updates are necessary to keep up with the growth of GI practice. Cleveland Clinic Florida has a strong GI faculty with subspecialty training and interests who, through teaching and research, are at the forefront of gastroenterology and endoscopy. Education and training opportunities are limited and we feel that a course, which covers usual clinical scenarios followed by hands-on sessions where nurses and ancillary staff have a chance to handle equipment, fills a need for education that is unmet in the region. The course is intended for gastroenterology and endoscopy nurses, assistants and technicians.

We expect approximately 100 attendees, primarily endoscopy nurses and technicians from the South Florida region.

We are hopeful you will agree to exhibit during this year's course and we look forward to your participation!

Sincerely,

Tolga Erim, DO

Division Chair, Department of Gastroenterology, Hepatology and Nutrition
Regional Director of Endoscopy
Lynda & Marlin Younker Endowed Chair in Developmental Endoscopy
Cleveland Clinic Florida

Teresita Foliacci, MSN, RN, CGRN

Nurse Manager, Endoscopy
